Title: Plan a Date

Actor(s): Two users (User One and User Two)

Purpose: Successful Date Suggestion

Scenario

Pre-Condition(s):

   Both users start the application and they are currently on the homepage.
   Both of the users are available and sure of what they are in the mood for.

Procedure:

   Click the "Plan a Date" button
   User one and user two fill in the requirements
   Click the results button for results

Post-Condition(s):

   User one and user two both are satisfied with their results.

Title: Plan a Date

Actor(s): Two users (User One and User Two)

Purpose: Unsuccessful Date Suggestion

Plan a Date

Scenario

Pre-Condition(s):

Both users start the application and they are currently on the homepage.
Both of the users are available, user one knows what they are in mood for
while user two is not sure.

Procedure:

Click the "Plan a Date" button
